

The Keck Institute for Space Studies
presents a short course on:

Rapid Response Space Missions to Small Celestial Bodies

Monday, October 24, 2022

8:15 A.M. Coffee

8:45 A.M. - 12:30 P.M. Short Course

The Think Tank

Keck Center 155

California Institute of Technology

Prof. Karen Meech - Univ. of Hawaii

The Science of Interstellar Objects (ISOs),
Long-Period Comets (LPCs) and Near Earth Objects (NEOs)

Dr. Carol Raymond - NASA JPL/Caltech

Importance of ISOs, LPCs, and NEOs to NASA and the
Decadal Survey

Dr. Paul Abell - NASA JSC

The Importance and Challenges of Rapid Response

Prof. Geraint Jones - Univ. College London

Rapid Response Today - Comet Interceptor
