

Keck
INSTITUTE
FOR
SPACE
STUDIES

The Keck Institute for Space Studies
presents a short course on:

Biodiversity Science and Remote Sensing Fundamentals

Monday, October 1, 2018

8:00 A.M. Coffee

8:30 A.M. - 12:30 P.M. Short Course

Salvatori Seminar Room
3rd Floor, South Mudd Building
California Institute of Technology

Prof. Jeannine Cavender-Bares
University of Minnesota
Biodiversity Science

Prof. Kyle McDonald - CCNY-CUNY/JPL
Remote Sensing Physics and Measurements

Prof. Phil Townsend - University of Wisconsin
Imaging Spectroscopy from Space

Dr. Robert Guralnick
Florida Museum of Natural History
Species Distribution Modeling

Dr. Gary Geller - JPL
Biodiversity Policy and
Assessing Progress Toward Policy Goals

**for more information
go to:
www.kiss.caltech.edu**

No registration is required for this short course.
Seating is limited and is available on a first come, first served basis.
An informal lunch is provided for all attendees.
